WorkCare...We Work for You!

Our goal is to improve quality and timeliness of care and reduce workers compensation cost and liability while assisting and educating injured workers through their medical treatment.

Case Managers:

- Provide education and timely information to the injured worker and their family.
- Monitor treatment guidelines and patient progress by, frequent contact by the nurse case manager with the injured worker and the healthcare providers.
- Ongoing communication with medical providers
- Are available 24 hours per day/7 days per week for urgent matters

Employee satisfaction and the level of healthcare are improved.

Our case managers work with employers to facilitate early return to work, encouraging accommodation of modified duty. Utilizing the resources of our comprehensive network of providers, treatment can begin within 24 hours of the injury or as soon as medically appropriate. Our internal guidelines are implemented to expedite treatments for the injured worker.

WorkCare is integrated with our medical services solutions and can benefit your employees and your bottom line. For more information, call 239.594.8000.
